FOR IMMEDIATE RELEASE

Honest Project Launches Industry Leading Lien and Bond Claim Service – ProClaim

AUSTIN, TX (Oct. 4, 2010) – Honest Project, the leading provider of online draw process management and lien and bond claim services, announced the launch of ProClaim which has revolutionized the process of preparing lien and bond claims in Texas.

“ProClaim provides the step-by-step guidance that makes the process of preparing a lien or bond claim more understandable and precise,” states Scott Priddy, Honest Project Founder. “It gives all stakeholders in the construction industry an opportunity to quickly and accurately prepare paperwork and documentation necessary to perfect the claim in an online solution accessible from anywhere.”

The features included in ProClaim allow the user to quickly and efficiently capture information relevant to the claim and receive fully populated .pdf versions of all necessary documentation to perfect the claim within minutes. ProClaim generates a project specific roadmap for each claim that allows the user to easily track all deadlines and tasks associated with the complex lien and bond process.

ProClaim is offered as a monthly online subscription starting at \$75 per user.

About Honest Project:

Honest Project offers a suite of online solutions designed to provide transparency and minimize risk in construction draw management and lien and bond claim processing. The Honest Project online solutions, ProClaim and Quick Draw, are designed to reduce the risk of lost revenue while streamlining workflow and facilitating open communication amongst stakeholders.
